ADOS Opportunity at CG-1B1

COMDT (CG-1B1) seeks an O3/O4 reservist to fill a long-term (12 months) ADOS positions. The requirements of the position include project management support, communications, and change management skills. This work will directly benefit both Reserve and Active Duty components. The Coast Guard has been mandated by DHS to move to the FSMS. In addition, the Coast Guard is moving to modernizing its military records, travel, and recruiting capabilities with state art customer service IT tools and capabilities.

Reservists selected will provide CG-1B1 project management/communications support for the following high-visibility projects:

- ⇒ Financial System Modernization Solution (FSMS)
- ⇒ Electronic Official Military Personnel File (eOMPF)
- ⇒ Electronic Travel System 2 (ETS2)
- ⇒ Recruiting Workforce Management
- ⇒ Direct Access Hosting Transfer

The DHS/USCCG has approved all five of the above projects for implementation in FY21/22. The reservists' role (project/change management activities) is needed to ensure 100% adoption of the CG's new Human Capital Management investments, directly benefiting all military workforce communities.

Questions regarding the position may be directed to Mr. David Johnson at David.R.Johnson@uscg.mil or LT Stephen Cheng at: Stephen.C.Cheng@uscg.mil
